#### **Ongoing Business**

##### 1) Ebright Creek Park - Follow-up to June 7<sup>th</sup> meeting

Commissioners discussed their perspectives on how the Hopes, Dreams & Fears public meeting was received by the neighbors that participated and were asked to consider ideas on how to celebrate and enhance sensitive areas in the Park and how to program, design and develop a neighborhood park that includes active and passive activities based upon survey results. A 'program elements for options development' grid was distributed.

##### 2) Trails, Bikeways and Paths Plan/Parks & Recreation & Open Space Plan

There are some key points of these documents that need to be revised. Hope gave an overview of the content of the documents and the need for refining ideas, project by project. This will be accomplished by way of a Comprehensive Plan amendment, which should be adopted by council in late September or early October 2004.

Meeting was adjourned at 8:00 p.m.
