EXHIBIT NO. **CC 42**

Description: Re: The Enviromentally Critical Areas Ordinance ATTENTION TO DON GEREND WHY DO YOU WANT TO " review" the existing rules in this area? I am concerned regarding hillside erosion and pollution of Lake Sammamish. Ihave lived here on the plateau for 37 years and in an area with irregular topography which I believe has remained stable because of these rules. There is room for development in Sammamish without risking development of sensitive areas.

Location:

Name: Joan L. Niehaus

Address: 1541 211th Ave. NE

City: Sammamish

State: Wa

Zipcode: 98074
