LAND USE APPLICATION

SMC CHAPTER 21A.50

## Critical Area Affidavit

The purpose of this affidavit is for the applicant to disclose to the City the presence of any critical areas as defined in the Sammamish Municipal Code 21A.50 and 21A.15.254. Disclosure is required when:

- 1) A proposed development site contains a critical area and/or required buffer either on or within 215 feet of the property that is the subject of the application.
- 2) When there have been illegal alterations to critical areas or buffers and
- 3) When violations have occurred (including whether corrections satisfactory to the city have been completed).

Failure to accurately disclose this information may require additional review, project revisions and/or fees. If you are unsure, please contract with a qualified professional to review on-site and surrounding conditions and determine the presence of critical areas and/or buffers. If such areas are present a critical areas study, consistent with SMC 21A.50, must be submitted as part of the development application. No notary is required for this affidavit.

CRITICAL AREAS	
Critical Areas means those areas in the City that are:	
• Frequently flooded areas	• Critical aquifer recharge areas
• Landslide hazard areas	• Wetlands
• Seismic hazard areas	• Streams
• Erosion hazard areas	• Fish and wildlife habitat conservation areas
• Erosion hazards near sensitive water bodies overlay	• Wetland management area overlay
• Lakes
